

How to Edit and Share your Fundraising Page

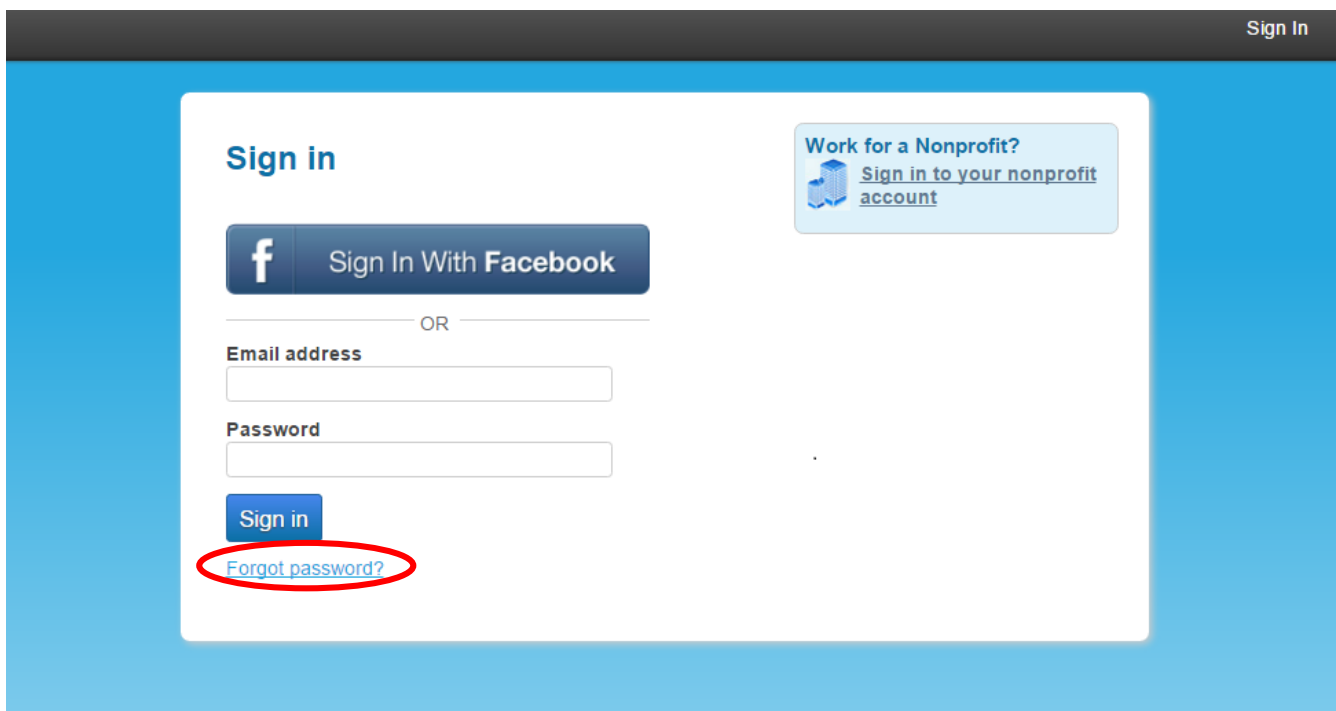

Step 1:

- Go to www.FirstGiving.com.
- Click “Sign In” in the top right hand corner.

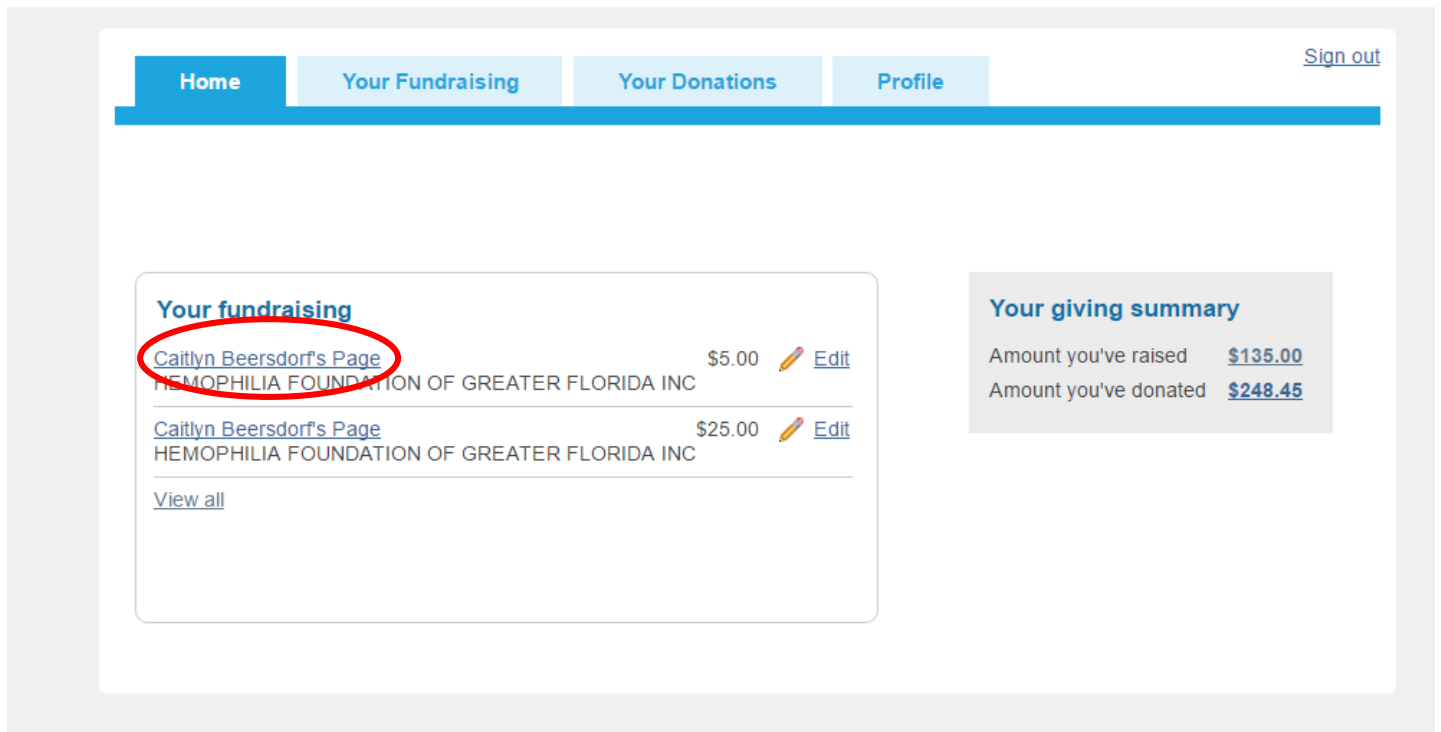

Step 2:

- If you used the same email for FirstGiving that you use for Facebook, you can click the “Sign In With Facebook” button
- If not, use your email and password you used to create your FirstGiving account during the registration process to sign in.
 - Don’t remember your password? Use the “Forgot password?” button at the bottom.

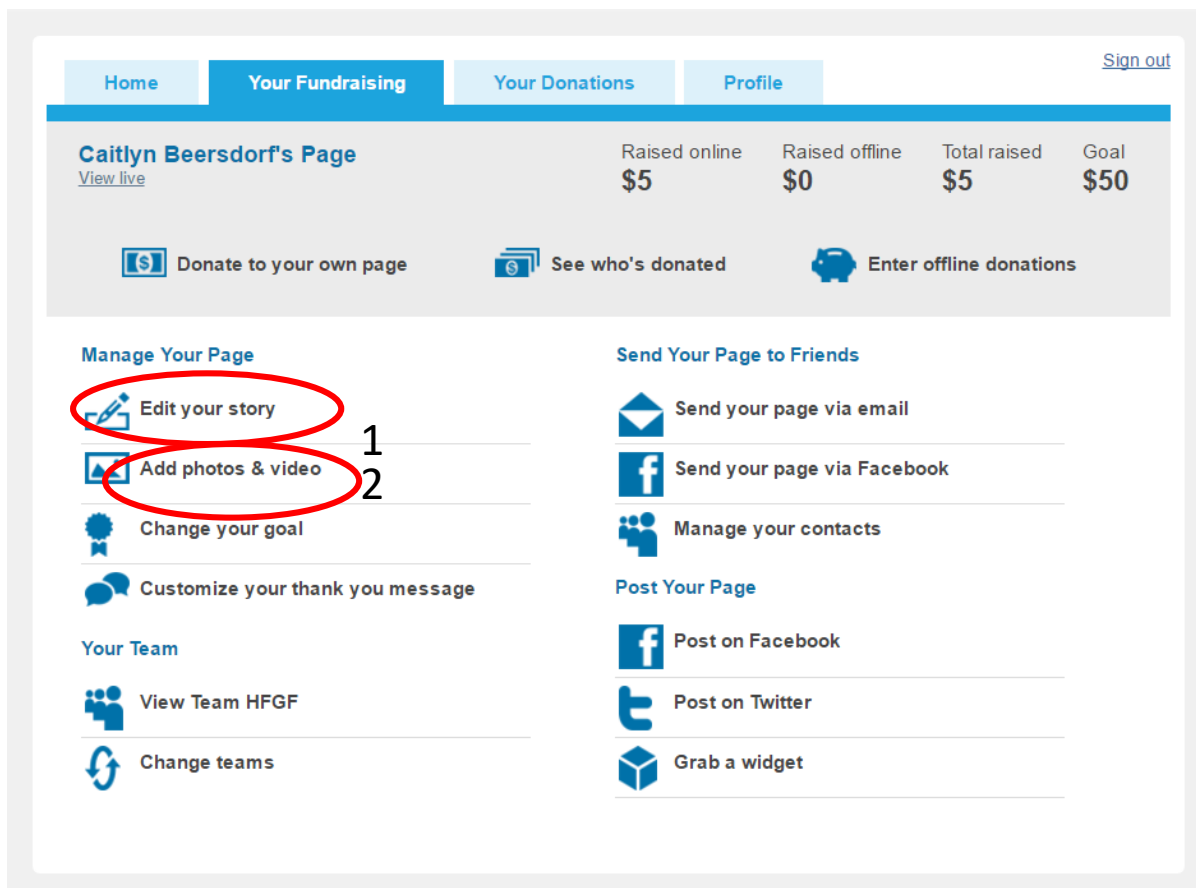

Step 3:

- Find the correct fundraising page (if you have multiple) and click on the link.

Step 4:

- Edit your fundraising story! People want to know why this cause is important to you. Tell them why you are personally walking and raising money. (Circle 1)
- You can even add video and photos to your page to make it even more personal (circle 2).

Step 5:

- You can share your fundraising page through email or a Facebook message. (Circle 1)
 - The email link will take you to a page where you can enter emails and set it up to send.
 - The Facebook message will go directly through your Facebook page and will privately message anyone you'd like to send it to personally.
- You can also share your fundraising page directly to Facebook so it shows up as a post from you in other's news feeds, or as a tweet from you that will go out to your followers. (Circle 2)
